

SPIRITUAL RETREAT NEW PARTICIPANT (ONLINE) STATEMENT

I,

Full Name : _____

City/Country : _____

Am fully aware that:

- I require someone who has done **2x Spiritual Retreat and 1x MRT** to accompany and support me directly in person in the same place throughout the whole duration of the Spiritual Retreat.
- The main goals of the Spiritual Retreat are to help every participant realize the real purpose of life more completely and the importance to be loved by True Source every moment in order to progress further in one's spiritual development
- The Spiritual Retreat syllabus may include new topics or matters that have not yet been discussed in previous workshops
- It is very important to use the Heart, Inner Heart and to be within True Source Love to rely on True Source Love to guide me directly every moment throughout the Spiritual Retreat
- As everyone comes from a different religion, background etc. the level and breadth of understanding of the syllabus will also vary accordingly.
- The experiences and reactions in regards to the Spiritual Retreat syllabus is my own responsibility as I am attending this online Spiritual retreat on the basis of my own choice.
- If at any time I am unclear on a certain topic, I may ask directly to the senior alumnus who is accompanying me in person or I can also direct the question at GM Irmansyah Effendi during the designated question and answer time.
